The proposal at present is to purchase only a deep X-Ray Therapy apparatus. While the offer of a contribution of Rs.2,000/- by the District Board, Tumkur, is very encouraging, it is inconvenient to accept the condition the District Board would impose, viz., that " treatment shall be free in the case of Mysoreans," For obvious reasons, it is inexpedient for a Public Hospital to set up and observe distinctions based on mere territorial limitations. All Mysoreans having an income of Rs.50 and under per month will under existing rules, be entitled to free treatment and this consideration alone ought to provide ample justification for subsidy and support by any of the District Boards.

Subs: Mr. Pdt. Tumkur Dt Bd will, if approved, be informed that the condition imposed by the Dt. Bd. cannot be accepted. He may perhaps, be requested to place the matter again before the Bd. for reconsidering the resolution in the light of the information furnished by the S.S. that all Mysoreans with an income of Rs 50/- and under per month are, under existing rules, entitled to free treatment.
